TUCK'S POST CARD

CARTE POSTALE.

POSTKARTE.

By Appointment.

The Stepping Stones across the river are, even since the construction of the various bridges, a favourite method of crossing the waters of the River Conway. The scenery at this point is most delightful, the beauties of rock, stream, hills and trees combining to form one of the daintiest series of landscapes that the vicinity of Bettws-y-Coed provides and consequently the Stepping Stones are greatly favoured by artists.
